Summary

A motivated Master of Computer Applications (MCA) student with a strong background in Mathematics, enhancing analytical and problem-solving skills. Proficient in Python, Java, and full-stack web development, with practical experience in building machine learning models and interactive applications. Eager to apply technical knowledge and passion for learning to software development and data science roles.

Education

Cochin University of Science and Technology

Master of Computer Applications

July 2024–May 2026

GPA: 8.25/10

Mahatma Gandhi College, Kannur University

Bachelor of Science in Mathematics

October 2021 – May 2024

GPA: 9.32/10

Projects

Confidence Analyser

(Ongoing)

- Developing a full-stack application to evaluate speaker confidence levels from video data using machine learning techniques.
- Engineered the backend in Python, implementing ML models for analysis and feature extraction.
- Building a responsive frontend with Next.js, React.js, and CSS for an intuitive user interface.

Gemini AI Clone

- Developed a functional chatbot clone mimicking Gemini AI's interface and core conversational features.
- Integrated the Google AI Studio API to handle natural language processing and generate intelligent responses.
- Built the frontend using React, Vite, and CSS, ensuring a seamless and modern user experience.

Experience

AI/ML Intern – Elevate Labs

May 2024 – June 2024

- Developed and fine-tuned a machine learning model for a movie recommendation system, improving relevance of suggestions.
- Applied data preprocessing and analysis techniques using Python libraries (Pandas, NumPy) to clean and prepare datasets.
- Collaborated with the team to deploy the model using Streamlit, creating an interactive web application for end-users.

Technical Skills

Programming Languages: Python, Java, C, JavaScript

Web Technologies: HTML, CSS, React.js, Next.js

Databases: MySQL

ML & Data Science Libraries: Pandas, NumPy, Scikit-learn

Tools & Platforms: Git, GitHub, Streamlit, Google AI Studio API

Soft Skills: Analytical Thinking, Problem-Solving, Critical Thinking, Decision Making

Volunteer Experience & Achievements

National Service Scheme (NSS) Volunteer

2019–2024

National Cadet Corps (NCC) Volunteer

2017–2019

Selected Participant, South Zone Pre Republic Day Parade Camp (NSS)

2022

Participant, 38th AIU Inter-University South Zone Youth Festival

2024
